

Welcome to SportAvex 2024 at Whakatane Airport

This is just a gentle reminder for all participating pilots to prepare and plan their flights to and from Whakatane.

Whakatane has a relatively small MBZ so please familiarise yourself with all airspace boundaries, transponder requirements and radio frequencies.

Make clear and concise radio broadcasts and keep a good lookout for other traffic.

NOT ALL AIRCRAFT WILL HAVE ADSB so please keep your eyes outside.

You are all highly experienced pilots so please comply with all relevant AIP procedures and NOTAMS.

AIRCRAFT PARKING

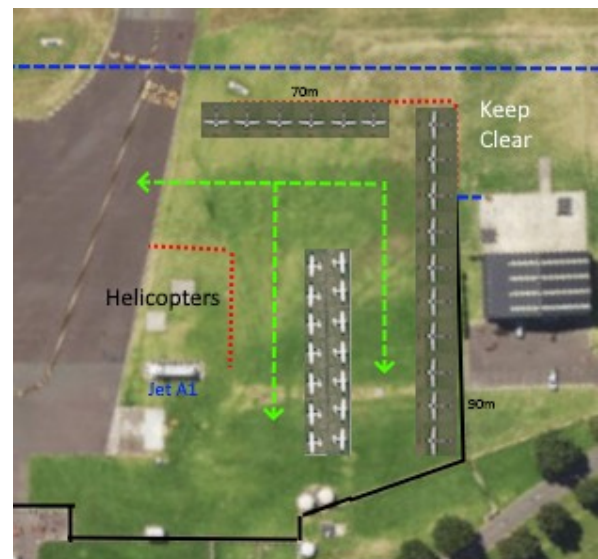

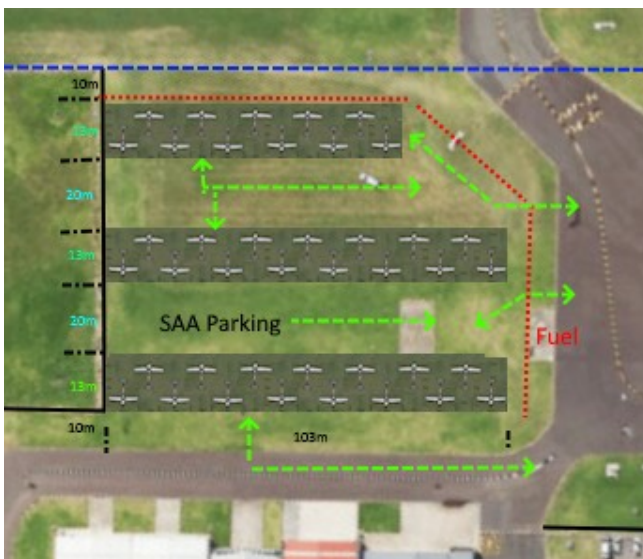

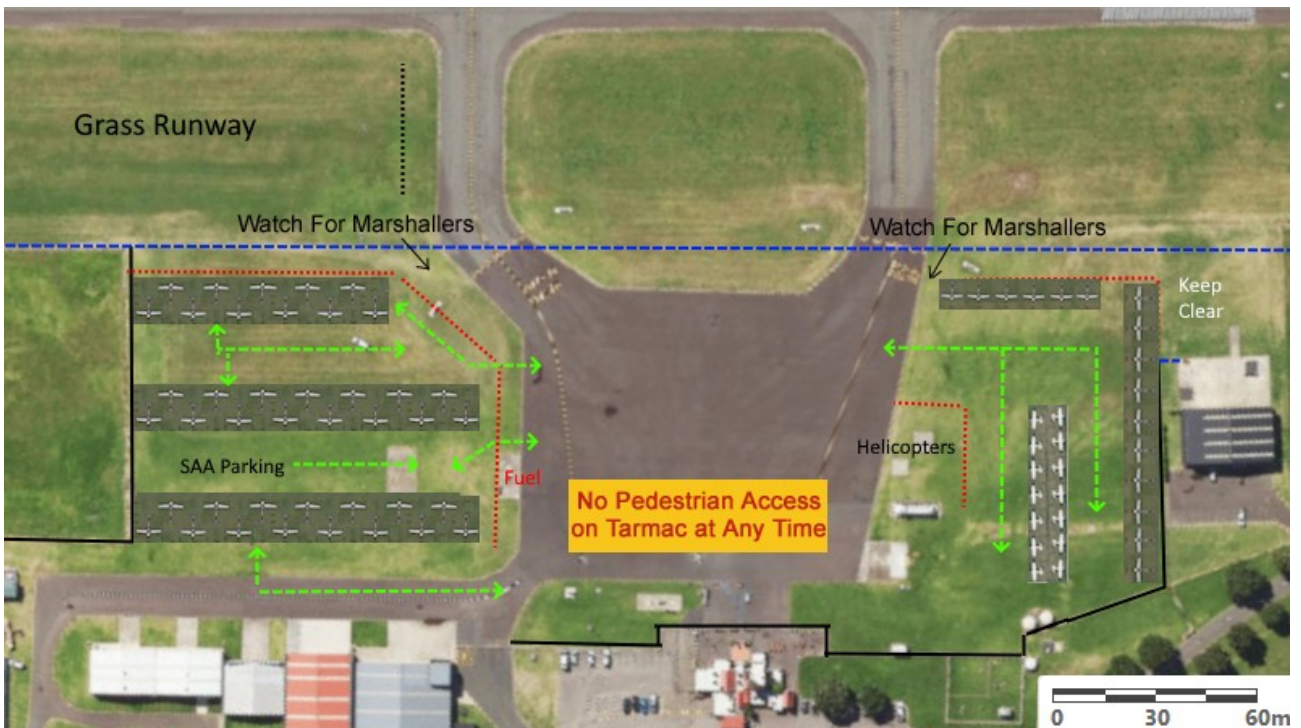

When you land, there will be aircraft marshallers in high-viz vests who will guide you to a parking spot.

You can taxi down the lines of aircraft, but please shut down your engine and manhandle your aircraft into its parking spot.

Once you have been allocated a spot on arrival, please use the same spot through the rest of the weekend, and return to that same spot if you have gone for a flight.

As soon as you have parked up on arrival, please proceed to the Aero Club rooms to sign in and pick up your registration pack.

Parking Layout Diagrams

AIRLINE MOVEMENTS

Please be aware that Whakatane is an active airport with arrivals and departures by Air Chathams airliners scheduled for the following times.

Friday 9th of February

Air Chathams Arrival 2.40pm
Air Chathams Departure 3.10pm
Air Chathams Arrival 5.05pm
Air Chathams Departure 5.35pm

Saturday 10th of February

No scheduled Flights

Sunday 11th of February

Air Chathams Arrival 4.25pm
Air Chathams Departure 4.55pm
Air Chathams Arrival 5.05pm
Air Chathams Departure 5.35pm
Air Chathams Arrival 7.00pm

Monday 12th of February

Air Chathams Departure 6.30am
Air Chathams Arrival 8.40am
Air Chathams Departure 9.10am
Air Chathams Arrival 4.25pm
Air Chathams Departure 4.55pm

The Air Chathams Saab airliners are very fast in the circuit, especially on arrival. Please avoid any conflict with them, and it is advised to stay out of the circuit when you hear that they are on approach or departing, and give the airliners preference please.

FUEL

Avgas is available

Jet Fuel is available

Mogas can be sourced on request (fuel cans will be available and runs to the nearby service station in the vans can be arranged)
